

## EDITORIAL

## POLITICAL POT BOILING

Announcements from political candidates increase daily and the "wheels within wheels" begin their old familiar grind to political observers.

In the county at least two offices are going to be hotly contested. Joseph E. Mitchell of Salinas is out for the office of sheriff and he is a man that is going to give the present incumbent, who is a candidate to succeed himself, a hard race, for Mitchell is a man fitted by experience and natural ability to fill the job and he is a man that makes a friend of every one he meets.

Another hot contest is going to be in the race for county attorney. Several candidates have already announced for the office with rumors of still more to come. The general impression is that Nolan, the present incumbent, has a very slim chance of being elected and that it is any man's battle.

With the very best intentions, County Attorney Nolan has failed to come up to reasonable standards of a politician or a public official. He has used anti-eating tactics in various crusades against the so called underworld that have accomplished nothing and cost him political strength while his parlor tricks at home and abroad, while amusing, have not made him at all solid with the more conservative element. Locally, Mr. Nolan has little strength and Argyll Campbell, one of Mr. Nolan's old playmates is not going to break his neck to see Mr. Nolan any stronger or help him back into office again and Mr. Campbell has no little influence in well known circles.

## CARMEL MUSIC SOCIETY AN ACHIEVEMENT

The Music Society enters the summer season of 1934 with the most comprehensive program yet offered and that is saying a lot for the society has in its past years brought to the peninsula, talent that has enriched Carmel and established a cultural standard for the state.

People in Carmel, used to celebrities and the unusual, possibly don't stop to consider what a notable achievement the society is—that it is a success from a financial standpoint as well as popularity—a success in distressing economic conditions when even the big cities have had to curtail or abandon entirely their cultural activities. And there is another thing that to one who knows Carmel is the really marvelous thing about the organization; it operates entirely free from the wrangles and dissension so common in the most of our community activities. Perhaps it is because music hath power to charm the savage breast. Whatever the reason the society is a success with a strength and popularity that is growing with each season's activities.

GLORIA STEWART AND  
HUSBAND SEPARATE

Carmel people who have followed the career of Gloria Stewart and her husband, Blair Gordon Newell, will be interested to learn that they have decided to seek a divorce.

The couple were married June 21 1930. Both are well

known here, Miss Stewart having worked as reporter on the Carmelite before going into pictures.

Mrs. Anne Ewing has returned to Carmel after a year's absence and has located in the Mendel corner house at Lincoln and Twelfth. She plans to be here for a year or more.

CARMEL MUSIC SOCIETY  
PLANS SUMMER SERIES

It was an enthusiastic gathering at the Denny-Watrous gallery Monday night when members of the society met to lay plans to make the peninsula Carmel Music Society successful.

Due to the fact that Michel Penha has received offers for his services from several large cities, the society begins to fear that Carmel may lose him.

"Mr. Penha wants to stay here; he loves Carmel; he loves the people," said Miss Denny in a most thrilling speech in which she carried her audience with her to the extent that when volunteer workers were called for they promptly responded. Miss Denny said, "We need the backing of the city council, of the clubs, of the business houses, the schools and individuals."

On a recent trip south Miss Denny was asked by a man who knows the music world how Carmel could keep such a man as Penha. "Do you know," he said to Miss Denny, "there are only two or three cellists in the world who can play as Penha plays."

All who had never been to an open rehearsal of the orchestra were urged to be present next Sunday evening and those who have been attending were asked to bring someone with them. Both audience and orchestra benefit from these open rehearsals. At this time the price of admission to every one is only 10 cents. And what a lot of pleasure for the annual plan to be carried out.

"If the business man could realize they make their living here by such enterprises, they would back this society to the limit," said Mayor James H. Thornburn.

The value of music to the younger generation was brought out by several speakers. Mrs. Dickinson quoting, "The boy who blows a horn will never blow a bank."

June 26 has been set as the date of the first concert on the summer series, with open quartet rehearsals from the 8th to the 12th. Many delightful things are planned for the summer.

If you haven't gotten behind the Music society, now is the time. You are needed. You will be welcomed with open arms!

The Carmel Music Society is Carmel! Are you a Carmelite?

Thursday at 8: p. m., Hammer and Tonga class.

VIOLA D'AMORE TO BE  
HEARD AT GALLERY

Ranging in variety from the lyric and lovely compositions of the eighteenth century to the startling rhythms of Hindemith, a concert of unusual interest and variety is to be heard at the Denny-Watrous gallery Saturday evening when Alix Young Maruchess, concert artist of New York, will be presented in a program of music for the viola and the rare 18th century viola d'amore. Ralph Linsley, pianist of the Penha quartet, will be at the piano.

Highly enthusiastic reports from critics and audiences of Southern California preceded Mme. Maruchess' arrival in Carmel, and her program is anticipated with much interest.

The viola d'amore is a member of the ancient viol family that preceded the violin, and has 14 strings, seven of which are bowed, with seven others that vibrate sympathetically.

KUSTER TO DIRECT  
FRESNO PLAYERS GROUP

Following on the heels of the victory of the Golden Bough Players in San Francisco in the unpublished play division of the Northern California Drama Association tournament, with forty-five groups participating, comes the announcement that for a month or more Edward Kuster has held the appointment as production director of the Fresno Players group, the largest and longest established play group in the San Joaquin valley. The contract is reported to be a generous one on the part of the Valley group, and Mr. Kuster is receiving the congratulations of his friends. According to reports this is not the first outside professional recognition of the local director in his long years of endeavor with our Peninsula amateurs, but the Fresno engagement proved too attractive to be denied.

"My work in Fresno will commence in October," said Kuster in a statement made yesterday, "following immediately after the Golden Bough Players' summer season in Carmel. Fortunately for me, the terms of the Fresno contract are sufficiently liberal to allow me to simultaneously take care of my Playhouse investment in Carmel insuring a Golden Bough production here about every six weeks during next fall and winter."

"Regarding the tournament in San Francisco just concluded two plaques, engraved with the names of the winners, were awarded for first honors in the respective classes of 'unpublished' and 'published' plays. Maurice Browne's 'The Mother of Gregory', an unpublished play accordingly did not compete against Lord Dunsany's 'King Armigens' and the Unknown Warrior', the winning play in the other division, which was given a brilliant production by the Negro players of the Booker T. Washington Center of San Francisco. It would have been interesting to have pitted the two productions against one another. What struck me as significant was that these plays though both tragedies, brought forth more spontaneous and long-continued audience applause than the comedies both in the preliminaries and the finals.

In both divisions the ranking was as follows: play-selection 10 per cent; setting and costume 15 per cent; acting 25 per cent; presentation and gen-

NEW BUSINESS PLACE  
ON DOLORES STREET

"Read-Weed." You will see it on the window of the building between Frank's and Rae Welch's real estate office. For that is the location of the new "Book Nook and Smoke Shop," being established here by George E. Blair, who was a resident here 15 years ago and has come back to fulfill the longing he has had since he left.

The Book Nook will carry a circulating library of all the latest fiction and magazines, besides having a section for second hand magazines, buying and selling. There will be a reading room, catering to the ladies where they may smoke and read.

PASADENA OFFICERS  
NAIL SUSPECTS HERE

Officers from Pasadena arrived in Carmel Saturday night and took into custody one Herbert Alexander, wanted in that city on a charge of stealing canaries, gold fish, chickens and turkeys.

On their way here the officers stopped at San Luis Obispo and arrested Roland Mueller, wanted with Alexander on the charge.

It is said the thieves have been operating in Pasadena and South Pasadena since November in one instance taking some birds worth \$150 each and selling them for \$1.25 each to a fence in that city.

Alexander had been in Carmel but five days. He was taken to jail until Sunday when the officers took him south.

MICHEL PENHA AGAIN  
DELIGHTS AUDIENCE

Again the artist, Michel Penha, delighted his hearers who filled the Denny-Watrous gallery last Saturday evening to listen to his program of cello music. Ralph Linsley pianist, his accompanist, shared honors with him.

The program, selections from Bach, Frescobaldi, Senallie, Haydn, Faure, Schumann and others was well chosen and thoroughly approved by the enthusiastic audience.

Music lovers had but to learn that these two noted musicians would appear to make every effort to be present.

Mrs. H. L. Spencer has returned home from a two week's stay at her home on Ben Lomond. She is helping in Stella's Dry Goods store for the summer.

eral excellence of production, 50 per cent. I am grateful for the co-operation of the following who joined me in the cast, of 'The Mother of Gregory': Gertrude Waple of Hollister; Betty Meyers of San Francisco and Evert Sholund of Monterey. But the cast and I are not less grateful to Frank Heffling of Carmel and Charles Kilian of Pacific Grove who went through many long rehearsals and accompanied us to San Francisco, creating the offstage sounds of surf, wind, rain, lightning and thunder which helped so much to establish the mood of Mr. Browne's fine play."

Mr. Kuster could not state whether the prize play would be repeated in Carmel, owing to the delays in restoring the stage of the Golden Bough to its original usefulness, but it is understood that arrangements are under way to perform the play in Santa Barbara and Los Angeles.

REV. MR. DORSETT MAKE  
POWERFUL APPEAL

On last Sunday morning Mr. Dorsett of the community church challenged a large congregation to work for better home life, for an increasing character interest in the children in the program of our school and a positive educational Church approach. He stated that these things are necessary if we are to check the crime tendencies existing among youth today, and offset the poor training coming from the cheap type of journalism, the trashy class of movies and the wrong sort of radio programs.

Special attention was called to certain negative influences at present active in our own community. He called particular attention to the liquor situation. In part he said, "The constant window displays and cut-rate advertising has been particularly distasteful to me since I have had reliable evidence given me that one of the firms on Ocean avenue is selling liquor to high school age boys. As to whether it is legal for liquor to be sold in Carmel or not is a matter to be established by due process of law. Whether it is right for merchants to constantly seek to entice trade is a matter where public opinion can function if proper pressure is brought. When any merchant stoops to selling to its boys and girls it is high time for the community to wake up."

NEW CITIZEN BOARD  
OF SALINAS

Carmel people want to know who will get the fee, "Dr." Bechdolt or "Dr." Hale.

According to the story being told when Dr. Matzke was unable to accompany an expectant mother to the hospital in Salinas, he asked Fred Bechdolt and Don Hale to drive her over. In their race with the stork, the latter was victorious and the baby was born en route.

The mother, Mrs. Teresa Villaponte and baby girl were returned to Carmel by the almost-doctors and were taken to their home. They are said to be doing nicely.

OLD MISSION GUILD  
TO ASSIST MARION

A most interesting meeting of the Old Mission Guild was held Monday evening at Serra Crespi hall, when George Marion appeared before the members and gave the synopsis of the pageant he will direct for the coming Serra Festival. Mr. Marion asked the Guild to assist in making the costumes and was assured their willing co-operation.

The members decided to give another Whist party on the evening of June 5 at the hall.

GRAB YOUR PARTNERS  
FOR BIG BARN DANCE

Grab your partners, folks. It's going to be a big night at the Old Polo club in Monterey the night of June 9 when the barn dance will be in full swing from 8 o'clock on.

With fifty-five members on the committee there won't be much left undone toward making the evening perfection and when you get such people as Carl Stanley, Olga Fish, Andy Jacobsen, Eddie Burns, and Lieutenant Harris all to working you know you are going to get results.

The low price of tickets is going to make it imperative that you hurry and get yours if you want to get in on the fun. Only one dollar a couple, and twenty five cents if you reserve a table.

There will be beer, sandwiches and hot dogs for those who wish at a very nominal charge.

does not want anyone to feel they have been gyped.

To reserve your tables, take it up with the Monterey Chamber of Commerce.

The money received from this evening's entertainment will go toward sending an already championship team to the state convention in Oakland to win another championship.

David Prince, popular young man of Carmel, and Dorothy Taylor of West Orange, New Jersey, have taken out a license to wed, according to announcement appearing in the San Francisco papers.

# HOT WATER is used 150 times a day

FOR ECONOMY IT SHOULD BE

**Y**OUR purchase of an Automatic Gas Water Heater is an investment in economy. In daily benefits and in long and dependable service it will pay dividends to the whole family. It is economical in operation as well. An Automatic operates on a minimum of fuel. The wasted fuel alone, in the operation of a tank type heater for example, will go a long way toward paying the cost of automatic hot water because the automatic control and insulated tank conserves fuel.

Right now is the thrifty time to buy your Automatic. Prices have not been raised. Purchase terms and monthly payments are low. Take advantage of this easy way to buy and easy way to save by investing for economy in an Automatic Gas Water Heater.

## CHRISTIAN SCIENCE CHURCHES

"Mortals and Immortals will be the subject of the Lesson-Sermon, Sunday, May 20, in all Churches of Christ. Scientist, branches of the Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The golden text will be: "As we have borne the image of the earthy, we shall also bear the image of the heavenly" (1 Cor. 15:49). Other Bible citations will include: "This say therefore and testify in the Lord ye henceforth walk not as other Gentiles walk, in the vanity of their mind, And that ye put on the new man, which after God is created in righteousness and true holiness" (Eph. 4:17, 24).

The Lesson-Sermon will also include the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "When we learn in Science how to be perfect even as our Father in Heaven is perfect, thought is turned into new and healthy channels, toward the contemplation of things immortal and away from materiality to the Principle of the universe, including harmonious man" (p. 276).

## CARMEL COMMUNITY

### CHURCH ELECTS BOARD

A meeting was held Thursday evening by the Carmel Community Church to elect board members for the ensuing year, with the following results:

Chairman, Everett Smith.  
Vice chairman, Mrs. Fred Mylar.

Secretary, Miss Gertrude Rendtorff.

Treasurer, Mrs. Everett Smith.

Committee chairmen, Finance, Mrs. Mabel Turner; Pulpit Supply, Mrs. Alice Beardsley; Hospitality, Mrs. Clara Nixon; World Service, Mrs. Maude C. Wyman; Ushering, T. H. Douglass; Religious Education, Miss Gertrude Rendtorff; Music, Mrs. O. W. Bardarson; House, Mrs. T. H. Douglass; Garden, Mrs. Alice Beardsley; Trier of Appeals, V. M. Bain; Federated Missions, Mrs. W. G. White.

## FROM DAILY ABSTRACT

Deed: Byron G. Newell, et ux to Mary L. Dummage, May 5, 1910, Lots 5 and 7, Blk. 95, Carmel City.

Deed: Lillian F. Barnett to A. Wayne McMillen, May 3, 1910, Lot 15 and Swly 1-2 of Lot 13, Blk. B-13, Add 7, Carmel-by-the-Sea.

Order approving first and final acct. of Administratrix and decree of final distribution: Re estate John Henry Bell, dec'd, to Frances Bell, May 14, Lot 13, Blk. 5 1-2, Add 4, Carmel-by-the-Sea.

## NEXT WEEK'S PROGRAM

### AT CARMEL THEATRE

Tomorrow night and next, Friday and Saturday, you can see Constance Bennett in "Moulin Rouge," and also Zasu Pitts and Pert Kelton in "The Meanest Gal in Town."

Sunday and Monday will bring the musical hit of 1934, "Stand Up and Cheer." Stars of radio, stage and screen; one thousand players, five hundred follies girls and five great bands.

Tuesday brings Victor Jory and Heather Angel in "Murder in Trinidad."

Thursday and Friday, the 30th and 31st, you will see Lupe Velez in "Palooka."

Harry Downie spent Tuesday in San Francisco on business connected with the coming Serra Pageant.

## SUPPLY OF HOT WATER KEEPS HUSBAND HAPPY

A witty salesman is reported to have said to a lady at whose house he was calling: "Keep your husband in hot water and you will keep a satisfied husband." He was selling water-heating appliances and he knew what he was talking about.

Nothing in domestic equipment gives such joy to the head of the household like a plentiful supply of hot water available at a moment's notice. Shaving becomes a matter of a few moments, while the morning bath gives him zest for the day's work ahead. Then, upon his return home in the evening, tired and perhaps cross, what is so restful as a bath followed by a change of attire? It is the best possible tonic for both body and mind and its effect is magical. Instead of sinking into a chair, the husband is ready for such evening's recreation as his wife may have planned for him.

What applies to the husband applies frequently to other members of the family. Following her morning ablutions the wife has certain household duties to perform, among which may be included dishwashing, laundering and cleaning of various kinds. An instantaneous supply of hot water permits her to perform these duties quickly and comfortably, taking the drudgery out of housework and making it a pleasure.

Then the children. Regular bathing improves their dispositions, minimizes the danger of infection from cuts and scratches and inculcates in them as individuals love for cleanliness which does more to make them thrive than all the medicine in the world.

The automatic hot water heater with gas for fuel is the device which provides these luxuries. It can be installed upon moderate terms, it is inexpensive to operate and is absolutely safe. It is becoming an actual necessity in the equipment of a modern household.

It is on the job day and night. It supplies water for the bath at an instant's notice at any hour and it is in service for any household task that calls for a supply of hot water. Whether needed to warm the baby's milk at 3 a. m., or to wash dishes or clothes in the daytime, it is always on tap.

Upon the question of expense the housewife is reminded that any installation can be made on terms to suit the most modest domestic budget. That side of the picture need not worry her. Now is the time to act.

Mrs. C. E. Newton left Saturday to spend a week with her granddaughter, Mrs. Earl Moore, and family of San Leandro. At the end of her visit, Mrs. Moore, with her children and her guests, Mrs. Newton and Miss Mildred Pearson, will come to Carmel to visit her mother, Mrs. D. E. Nixon. Miss Pearson will remain with her mother two weeks before returning south where she has a position as assistant in a dancing studio. She is recuperating from a broken wrist which she received while roller skating.

**REWARD:** for return of diamond engagement ring, little over 1-4 carat, in a white tobacco sack with yellow string. Ring initialed inside C.C.F. de L. to H.T.H. Phone Carmel 1097, or call at 1133 Dolores. Mrs. Charles F. de Lannoy, Box 1521, Carmel.

## CARMEL SUN

Entered as second class matter February 3, 1933, at the post-office of Carmel, Calif., under the Act of March, 1879. \$2.00 per year in Monterey County

E. F. BUNCH, Editor and Pub.

## MISSIONARY SOCIETY

Carmel Missionary society will be held at 2:30 p. m., Tuesday, May 22nd in the Parish House of All Saints Church. Miss Harriet Bakewell of Berkeley, president of the House of Church Women will tell of work among the Chinese in San Francisco. The public is cordially invited to attend.

Mrs. George Romine is again improving after a slight relapse at which time she returned to the hospital. She was brought home again Saturday.

*"You are paying for an Electric Refrigerator. Why not own one?"*

"My electric refrigerator actually saves me more than it costs. I can take advantage of food bargains and buy all I need for the week, for I know that everything will keep fresh and tasty.

"The same is true of left-overs. Where I used to throw away large quantities of food, I can now save everything. Nothing spoils and I make all sorts of delicious dishes from the things I used to waste.

"By actual tests I find my electric refrigerator saves me many dollars each month."

Why, then it actually pays for itself! How marvelous! I'm going to see my dealer today."

No one need be deprived of the convenience and joy of owning an electric refrigerator when it will actually pay for itself from savings. Ask your refrigeration dealer for a demonstration.

*Electric Appliance Society of Northern California*

## NEW REFRIGERATOR IS LATEST WORD IN CONVENIENCE

What the new refrigerators are doing today is worth more than casual thought. Progress is decidedly in the direction of convenience in use without sacrificing quality and efficiency.

One new model offers a new degree of silence which is most important. This same refrigerator offers new motor protection. News about another make includes sliding shelves. You could not fail to get enthused about these. The entire shelf pulls forward so that you can get at the back of the shelf without reaching over everything. Strong supports keep the shelf perfectly secure at all times and it cannot be pulled out too far.

More shelf news appears in other new refrigerators. For instance, adjustable shelves which can be placed at different heights in the food compartment or removed entirely; split shelves, so half can be removed to accommodate tall bottles and the occasional large bowl. And always well finished shelves where food containers move easily. Vegetable pans, fruit pans, wire frames to hold eggs are now all built in. This is better than buying these items and taking the consequent chances of misfits. A foot pedal opens the door of one or more of these new models, and an electric light illuminates the interior of several.

One line offers unusual food compartment space in proportion to the outside dimensions, thanks to a new type of insulation which takes up much less wall space than old types of insulation. The same refrigerator provides a simple device for loosening the trays from the freezer. New metal trays and rubber grids for metal as well as rubber trays for easily removing the ice cubes. Such conveniences add greatly to the joy of using the refrigerator.

Stainless porcelain, on steel interiors and exteriors, also choice of door openings may be had. While some of these are not new points this season, they are certainly most important in any satisfactory refrigerator and have been brought to a new degree of excellence in the new models.

Defrosting is something that the owner of an electric refrigerator must think about now and then if efficient operation is to prevail, and proper temperatures are to be maintained. It is a very simple matter to merely turn off the current at night when a too thick frost has collected on the freezer. But one must remember to turn the current back on or the refrigerator will become warm.

One of the new refrigerators offers a defrosting switch which prevents this. Turn this switch and the defrosting takes place. After the frost is melted from the freezer the refrigerator automatically resumes operation. You do not have to remember to turn the current on again, yet you can defrost as you wish.

You are paying for an electric refrigerator. Why not own one?

Fred Buck with his little daughter, Barbara, drove to Pasadena Saturday to spend Mother's Day with his mother, returning home Monday.

## SPLENDID PROGRAM AT FOREST HILL SCHOOL

With parents and friends of the students as guests, the pupils of Forest Hill school put on a very interesting program at the close of their school year.

Mrs. D. E. Nixon who has been teaching at Forest Hill for the past two months, conducted four selections by the rhythm orchestra: "Santa Lucia," "Black Hawk Waltz," "Spanish

## Guitar" and "The Christian Endeavor March."

Mrs. Guy E. Koepp, who is the dancing teacher, conducted her number in the form of a lesson in order to bring out some of the different things the children had learned, such as technique and natural dancing. Mrs. Koepp has directed the development of her students through spontaneous activity.

The program was exceptionally well done.

The following poems were written by Donna Versell, a daughter of Mr. and Mrs. Ed Warner of this city, when she was but 17 years of age.

### THE OLD ROAD

They have built a road at the foot of the hill,  
They have smoothed all the ruts away,  
And it winds along in its glittering sheen  
To the shores of the golden bay.  
The autos speed fast on its glistening track,  
Bearing laughter and hearts so gay,  
That see no thing on this fair green earth  
But the smooth rock road to the bay.  
But I love the road higher up the hill,  
It leads through the woodland fair,  
Where the boughs of the trees like friendly hands,  
Reach down to caress your hair.  
There are bumps in the road, but the grass is green,  
Wild roses line all the way,  
So I'll follow this road and you may take  
The shining rock road to the bay.

### CARMEL BAY

When the sun goes down on Carmel bay,  
Scenes of the past return to me.  
I see the ships of another day,  
Ride the waves of a distant sea.

I see the shadows of night creep on,  
Wrapping the hills in a purple haze:  
As they draped the shores of a far off bay,  
In the golden summer of other days.

In visions I walk on that well-loved shore,  
Neath the silvery light of a summer moon.  
And you are with me, your hand in mine.  
O golden past that died too soon.

I hear the song of the restless sea,  
I see your grave on the sandy shore  
O youth and love, come back to me!  
And you, my dear, return once more.

O the years are many, the days are long,  
Since we lived and loved that day:  
But I live it all in the golden glow,  
When the sun goes down on Carmel Bay.

Mrs. T. Grant Phillips enjoyed a visit from her sister and a friend from Los Angeles Tuesday night. The two young ladies were on their way to Santa Cruz.

Little Clara Joy Hitchcock is confined to her home by illness.

Victor, son of Mrs. Teresa Duranti, has been ill and unable to attend school.

## Local and Personal

Mrs. James H. Thoburn is spending a few days at the Thoburn ranch near Sonora.

Mrs. Julia Place, real estate broker of Palo Alto, transacted business here last week and enjoyed Carmel.

Mr. and Mrs. George Kilburn of Piedmont spent Sunday here and made arrangements for a cottage for the summer.

George E. Silver and family of Salinas will spend the summer here in Greenwich Village No. 2.

Dr. Hans Hartman of Modesto has taken the Terry cottage on Casanova and will arrive the first of July.

Mr. and Mrs. Horace Heidt, who have been vacationing in Hideaway, have returned to San Francisco.

Mrs. A. A. Hall and son, Acton, of Piqua, Ohio, are spending a few days in their cottage on Carmelo and Ocean. They motored out, doing the last 800 miles in one lap.

Professor Bailer, who has been visiting in the home of his daughter, Mrs. Leonard Lenger in Garden Gate for some time, has returned to the Colorado School of Mines at Golden.

Madame Doreen and her brother, Harry Boles, formerly of Carmel but for the past few months of Palm Springs, were here two days this week on their way to Spokane.

Mrs. George P. Ross left Monday for Oregon to attend the graduation exercises of her son at Oregon State. She and her son will stop at Susanville on their way home and bring the smaller son and brother to Carmel.

Mrs. Grace Plank, Mrs. Daisy Taylor and Mrs. George Wishart attended P.T.A. council at Solidad Tuesday.

C. L. Dimmitt and family of Redwood City have taken the J. C. L. Fish cottage for the month of June.

Miss Elizabeth Armstrong and Miss Agnes Williston have purchased two adjoining lots on Lincoln between Eighth and Ninth and will probably build.

Kent Stone and wife of San Francisco spent Sunday with Mr. Stone's mother, Mrs. B. L. Stone, of the Betsy Ann Food Shop.

Miss Madeline Walker has returned to Carmel to spend the summer with Mr. and Mr. Walter Obrion. Miss Walker has spent several months in Idaho.

Little Misses Carol, June Delight and Patsy Canole helped Mr. Obrion of Dolores Inn celebrate his birthday this afternoon. Cake and home made ice cream were served.

Word came through this morning that the Salinas high school was burning. A salesman who passed at 6:30 said one end was enveloped in the blaze and the firemen had just arrived on the scene.

Myrtle A. Ryan of Route 1, Monterey, was the winner of a prize recipe contest sponsored by Better Homes and Gardens. She gave Mikel's Market as her favorite grocery and if you will ask Mr. Mikel you will receive one of the recipes for "Smoky Mokes Cake" free.

BARTER: Console wood stove, for springs for twin bed. Console sewing machine for portable. Also rugs to trade. Write Box A. G., Carmel.

Little Ada Torras underwent an operation this week for the removal of her tonsils.

Mrs. Mary D. Leslie of New York City has taken a cottage here for the coming summer and fall.

Mrs. Henry Lang, sister of Mrs. Louise Hasty has been a guest at Hotel La Ribera the past week. Her home is in Glendale.

Mr. and Mrs. Cedric Rowntree after a honeymoon in the Lester Rowntree house in the Highlands, left Tuesday for Gasquet where Mr. Rowntree will be stationed in the forestry service. The young couple will receive their mail but once a month but are entering their new home with great happiness.

### BOY SCOUT NEWS

At a meeting of the Boy Scout council of the Monterey Bay Area district, held in Monterey Wednesday of last week, it was decided to hold the next court of honor at the Monterey Union high school May 23. All peninsula scout troops are to take part and parents and friends are urged to attend.

All scouts on the peninsula are urged to take part in the Memorial Day exercises to be held in Pacific Grove, the home of J. H. King, 86, lone surviving member of the defunct Fairchild post of the G. A. R.

Boy and girl scouts of the peninsula will take part in the Flag Day exercises to be held at the Elks hall in Monterey June 14, at 7:30 p. m.

The Boy Scout camp at Big Sur will open June 17 and close July 15. A nominal fee of 15 cents per day for each boy will be charged, which should enable any boy who wishes to do so to attend for at least one week. Each boy must furnish his own food and clothing. There will be one adult supervisor for each sixteen boys.

## Carmel Valley

Mr. and Mrs. Roy Meadows and family spent the week end in Fresno where they were the guests of Mrs. Meadows' cousin Miss Stella McKinney. While there they motored to General Grant National Park for the day.

Mrs. W. T. Winslow accompanied by Mr. and Mrs. Luis Wolter spent the week-end in Sequoia and General Grant National Parks.

Mr. and Mrs. Angelo Liberti of San Francisco are the proud parents of a daughter born Sunday May 13. The young lady is their first child and has been named Diana Mary Ann. Liberti is a nephew of Mr. and Mrs. M. Salvano and formerly lived in the valley.

On Friday May 11 twenty members of the G. A. A. boarded the Carmel Valley bus with their "blankets on their backs" and rode out to the Forest Pelfer place in Robles del Rio. The girls camped out for the night and the next day walked back to town. It was reported that several of them were ready to quit long before their goal was reached and that the miles seemed unusually long. Mrs. Miriam Watson, Girls Physical Education instructor accompanied the girls on the trip.

Last week-end the 4-H club camp was held at Asilomar. This camp includes Monterey and San Benito county 4-H clubs. Saturday morning the boys and girls started arriving. In the afternoon games and swimming

were the main diversion. In the evening a program was held with Carmelo, Aromas, and San Benito clubs putting on demonstrations. Club leaders and Senior members put on stunts. Sunday there was more recreation and chapel service in the Asilomar Chapel. The camp disbanded after lunch Sunday. This year the camp was in charge of the Senior members and about 425 boys and girls attended. From Carmelo were: Jean and Joe Stewart, Ann Martin, Bernadine Meadows, Bernard Schulte and B. H. Schulte.

Mr. and Mrs. P. Reggiardo and daughter Norma who have been residents of the valley for the past five years left this week for Castroville where Mr. Reggiardo is now engaged in farming.

### CARMEL SHORE NEARLY CLAIMS OTHER VICTIM

Because he had the strength to hang to a rock and hold his companion, Jack O'Donnell of Hollister Sunday saved his own life and that of Miss Pearl Totten.

The couple were sitting on a

rock at the edge of the water when a huge wave swept over them. Had O'Donnell lost his hold the two would undoubtedly have been dashed to death. Neither was injured.

Bill Nye, son of Mr. and Mrs. J. L. Nye, visited his home here over the week-end. Bill is with "The Drunkard" which is playing at the Palace Hotel in San Francisco.

The Parish Guild of All Saints of Carmel is actively engaged in preparing for the Rummage Sale and Flower market to be held by the kind permission of Mrs. Mary Hamilton in the vacant store in the Sundial court apartments on Monte Verde street and 7th on May 24, 25 and 26. Plants, seedlings etc., for the flower market are solicited and will be called for on request. Phone 914w or 135.

## Firestone LEADERSHIP

*"The Ultimate Test of Leadership is Performance"*

FIRESTONE has maintained its leadership in tire development by producing a new tire for 1934 with a wider tread, flatter contour, deeper non-skid, greater thickness, and more and tougher rubber, which gives greater non-skid safety, more traction, greater blowout protection, and more than 50% longer non-skid mileage.

These achievements are made practical by the Firestone patented process of Gum-Dipping, providing greater adhesion between the plies of the high stretch cords and between the Gum-Dipped body of the tire and the tough, massive non-skid tread. It also provides greater strength, longer lasting life, and greater protection against blowouts.

Gum-Dipping made it possible for Firestone to design, develop and put on the market the first successful balloon tire in 1923. This tire was the pattern used by all others and completely revolutionized the tire industry and set new standards for the automobile industry.

Firestone also developed the first all-rubber non-skid tire, and has always been first to give motorists the benefits of new discoveries in non-skid design, providing more traction and greater non-skid safety.

For fourteen years leading race drivers have driven to victory on Firestone tires, built with Gum-Dipped high stretch cords. They have trusted their lives to Firestone Leadership—as they know that the patented Firestone construction features provide them with greater safety—longer mileage—and greater blowout protection.
